

OI Doinyo Orok Mountain Day excursion

6th April 2019

For only
Ksh 3,000/-

The **OI Doinyo Orok Mountain** also called **Namanga hills** is situated approximately 170km from Nairobi in southern Kenya in Namanga town. It is one of the few remaining forest patches in Kenya that contains a large variety of plants, herbs and also several animal species. In the mountain valleys, there are natural water catchments created by the high altitude rains. One of the highest peaks is 2548 m.

The hike

The hike is Moderate and is between 4 to 6 hours.

Attractions

We shall explore the lush green nature trails, enjoy watching a variety of migratory and endemic birds. At some places higher up, the trail opens up into clearings from where views of Mt Longido and Mt Kilimanjaro are sights to behold. You may also get lucky and spot some of the local game like, various antelope species, dik dik and monkeys. The mountain is so picturesque and we will get a splendid opportunity to take memorable photos.
